Report on Celebration of Constitution Day – 2025 on 26.11.2025

Constitution Day also known as 'Samvidhan Divas', is celebrated in our Country on 26th. November every year to commemorate the adoption of the Constitution of India. On 26th. November, 1949, the Constituent Assembly of India adopted the Constitution of India, which came into effect from 26th. January, 1950.

The Ministry of Social Justice and Empowerment on 19th. November, 2015 notified the decision of Government of India to celebrate the 26th. day of November every year as 'Constitution Day' to promote Constitution values among citizens.

The Constitution of India was framed by a Constituent Assembly set up under the Cabinet Mission Plan of 1946. The Assembly held its first meeting on December 9th., 1946, and elected Dr. Sachhidanand Sinha, the oldest member of the Assembly as the Provisional President. On December 11th., 1946, the Assembly elected Dr. Rajendra Prasad as its permanent Chairman. The Constituent Assembly set up 13 committees for framing the constitution including a Drafting Committee under the Chairmanship of Dr. B.R. Ambedkar. On the basis of the reports of these Committees, a draft of the Constitution was prepared by a seven-member Drafting Committee. It is the longest written Constitution in the world containing 395 Articles, 22 Parts and 12 Schedules.

The Constitution of India was not typeset or printed but was handwritten and calligraphic in both English and Hindi. It was entirely handcrafted by the artists of Shantiniketan under the guidance of Acharya Nandalal Bose, with the calligraphy texts done by Prem Behari Narain Raizada in Delhi.

The original copies of the Constitution of India are kept in special helium-filled cases in the Library of the Parliament of India. Each part of the Constitution begins with a depiction of a phase or scene from India's national history. At the beginning of each part of the Constitution, Nandalal Bose has depicted a phase or scene from India's national experience and history. The artwork and illustrations (22 in all), rendered largely in the miniature style, represent vignettes from the different periods of history of the Indian subcontinent, ranging from Mohenjodaro in the Indus Valley, the Vedic period, the Gupta and Maurya empires and the Mughal era to the national freedom movement. By doing so, Nandalal Bose has taken us through a veritable pictorial journey across 4000 years of rich history, tradition and culture of the Indian subcontinent.

People of India are the ultimate custodians of the Constitution. It is in them that sovereignty vests and it is in their name that the Constitution was adopted. The Constitution empowers the citizen, but the citizen too empowers the Constitution – by following it, by adhering to it, by protecting it, and by persevering to make it more meaningful with words and deeds. The Constitution is nobody's preserve – and it is everybody's preserve.
