**Celebration of World Milk Day by Rathindra Krishi Vigyan Kendra on 1<sup>st</sup> June 2023**

Rathindra Krishi Vigyan Kendra observed and celebrated World Milk Day on 1<sup>st</sup> June 2023 to let the farmers and farm women know about importance of milk and scientific dairy management.

A training programme was conducted on Scientific Dairy Management by the subject matter specialist (Animal Science), Dr. Madhuchhanda Khan at village Halsidanga of Illambazar block of Birbhum district. She briefed about the importance of milk and different management practices of dairy cattle. The farming community highlighted different problems and diseases of dairy cattle faced by them. As per the need of farming community one animal health camp and distribution of area specific mineral mixture is scheduled to be organised at this village. All together 46 nos. of practising dairy farmer and farm women participated in this programme.
